This permission is only for single copy materials that are provided as copyrighted by Innovative Healthcare Solutions (a dba of VNA *First*, Inc.). There may be items in the manual that are sourced to other organizations that are provided as a resource. These are noted and permission to use must be requested from those organizations.

Private Duty Resource Guide
Chronic Disease Management

Private Duty Resource Guide
Chronic Disease Management

The role of Non-Medical caregivers in Disease Management has never been more critical to keeping clients safe in their homes and avoiding unnecessary hospitalizations and ER visits. Creating awareness of Chronic Diseases and conditions among non-medical caregivers can help your Private Duty agency become a more valued partner in the home healthcare marketplace!

VNA *First* / Innovative Healthcare Solutions has created the most comprehensive resource guide available in the marketplace today to assist you in providing your non-medical caregivers with the training and support they need to be aware of Chronic Diseases and conditions.

This valuable resource guide comes complete with the following tools:

- Checklists, assessments, screening and communication tools on the following topics:

  Acute Care Hospitalization • Depression • Congestive Heart Failure
  Diabetes • COPD • Falls • Pain • Medication Management • Dyspnea

- Tearpads and Stoplight Tools for patient education and awareness**
- "Staying at Home" client education booklets on CHF, COPD, and Diabetes (with and without Insulin).**
- Marketing Powerpoint (including handouts) for demonstrating your commitment to Disease Management awareness to referral sources.

Pricing includes one Manual and CD ROM

Price: $375.00 (+ $10.00 shipping & handling)

BONUS!! Each resource guide comes with the White Paper: "Chronic Disease Management and Non-Medical Homecare"!
